ACCIDENT & SAFETY PROCEDURE

1. All competitors must be conversant with Art. 53 (INCIDENT ON A SPECIAL STAGE) of FIA Regional Rally Championships Sporting Regulations.
2. In the case of an accident where urgent medical attention is required, the following applies:
– The SOS switch on the emergency console must be activated as soon as possible (if applicable)
– When possible the red “SOS” sign should immediately be displayed to the following cars and to any helicopter attempting to assist.
– As soon as possible, the red reflective triangle must be placed in a conspicuous position on the same side of the road as the car at least 50 metres before the car’s position, in order to warn following drivers, even if the car is off the road.
3. Any crew which has the red “SOS” sign displayed to them, or which sees a car which has suffered an accident, and the OK sign is not shown, shall immediately and without exception stop to render assistance. All following cars shall also stop. The second car at the s cene shall proceed to inform the next radio point. Subsequent cars shall leave a clear route for emergency vehicles. All crews stopped by this procedure will be allocated a time according to Art. 52.
4. In the case of an accident where immediate medical interv ention is not required or of a car stopping for any other reason on or beside a special stage, whether temporarily or permanently, the following applies:
– The OK switch on the emergency console must be activated within on minute (if applicable).
– The green “OK” sign must immediately be displayed to the following cars and to any helicopter attempting to assist. If the crew leaves the vehicle, the “OK” sign must be displayed so that it is clearly visible to all following crews.
– The red triangle must be placed in a conspicuous position on the same side of the road as the car by a member of the crew at least 50 metres before the car’s position, in order to warn following drivers, even if the car is off the road.
5. Should the emergency console display show th e SOS, the OK. or Hazard signal, then this signal is the equivalent to the display of the SOS/OK board or the red reflective triangle.
6. Should it not be possible, for whatever reason, to display the OK/SOS board in any of the above situations, this may be replaced by an evident and clearly understandable sign language shown by the crew outside of the car:
– an arm and thumb up to indicate “OK”
– crossed arms above the head to indicate “SOS”.

7. Any crew which is able but fails to comply with the above rules wi ll be reported by the Clerk of the Course to the Stewards.
8. Any crew retiring from a rally must report such final retirement to the organisers as soon as possible, save in a case of force majeure. Any crew failing to comply will be subject to a penalty at th e Stewards’ discretion.

ROAD BOOK

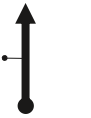

Questo Road Book è stato rilevato e compilato nel mese di luglio 2026, riportando lo stato delle strade e della segnaletica all' epoca del rilevamento. Ogni significativo cambiamento che avverrà dopo la stampa verrà comunicato dall' Organizzatore con relative Circolari Informative.
Nel caso in cui il transito di una Prova Speciale non fosse possibile, sono stati predisposti dei percorsi alternativi per raggiungere il Controllo Orario successivo, che trovate alla fine di tale fascicolo.

Tracing and editing of this Road Book was carried out in July 2026, reporting conditions of the road and the signals during the tracing. Any significant modifications of the traffic which may arise subsequent to the printing of the road book, will advise by Bulletin.
Should the case arise that a SS becomes unfit or unavailable for use by rally cars , an alternative route to the successive TC has already been established at the end of this book.
Without indication, go straight ahead to main road.
